

Pennsylvania Wholesale Raspberry and Blackberry Growers

Growers are listed by the size of their operations, with the larger operations listed first, and then in ZIP code order beginning in the western part of the state to the southeastern part of the state. If two telephone numbers are listed, the second one is usually a cell phone. The following abbreviations are used to denote the farms capabilities, facilities and classifications/certifications: **cold** = cold storage facilities; **precool** = forced air precooling; **hydro** = hydrocooling; **vacuum** = vacuum cooling; **ice** = top icing; **export** = export experience; **dock** = dock facilities; **hi tunnel** = high tunnel production; **no GMO** = non-certified GMO free crops; **sustainable** = non-certified sustainable production practices; **no pesticides** = non-certified pesticide free production practices; **GAP** = certified Good Agricultural Practices; **Natural** = certified natural production practices; **Organic** = certified organic production practices; **Sustainable** = certified sustainable production. Please note these refer to the farm as a whole, not necessarily the crop in question. For example, all crops may not be necessarily produced in a high tunnel or GAP certified.
